

# Lumin Silver™ Roll Screens

Wouldn't we all like to own products which, when they wore out, we could get them replaced for free? LUMIN Roll screens carry a **Life time warranty** – protecting you from the normal aging and usage process. Silver Roll screens are very bright and engineered to maximize and efficiently utilize the output from a LCD or DLP projector. These **premium performance screens** are ideal for high-end boardroom applications, and any high environmental light venues.

Silver Roll screens are available in either a motorized – industry standard SOMFY motor - or a pull-down format. Both 4:3 and 16:9 formats are available. The screens come with all mounting hardware for wall, ceiling, or recessed installations! The display surface is tough, resistant to scratching, and weatherproof.

## Key Features:

- Motorized diagonal sizes up to 250"
- Seamless to 100" (4:3) and 120" (16:9) diagonals. Larger versions have an *invisible seam* from a normal viewing distance.
- Ultra bright while maintaining a good viewing angle
- Special scratch resistant coating helps protect the screens from casual scratching.
- Motorized screens come standard with a wall switch - up/down stop. Remote controllers available as an option.
- Standard wall and ceiling mount or a concealed, in the ceiling mount.
- SOMFY motor carries a 5 year warranty.
- Life time warranty on screen material.
